Junior Courses (4+ years)

The junior swim lessons are for children 4 years and over. Our swimming lesson programme runs in stages allowing your child to become competent, confident and safe in the water. At each of the stages, children will be working to achieve the ASA National Plan Awards and progress through onto the next stage.

Stage 2 – Incorporates Stage 1 - For children who are unable to swim one width on their backs and fronts confidently. Develops basic safety awareness, movement skills and water confidence. Includes safe entries into the water, jumping in, floating, independent travel and rotation unaided to regain upright positions. Swimmers may use aids which will be reduced as they progress and gain confidence.

Stage 2 (8+ yrs) – A class especially for those aged eight and over who are unable to swim one width on their backs and fronts confidently in basic paddle.

Stage 3 – For children who can confidently swim one width of the teaching pool unaided on their front and back and are water confident. They will develop skill techniques in the main strokes, safe entries including submersion, progress rotation skills and water safety knowledge.

Stage 3 (8+ yrs) – A class especially for those aged eight and over who can confidently swim one width of the teaching pool unaided on their front and back and are water confident.

Stage 4 – In the Splash Pool - for children who can swim ten metres showing basic skills in front crawl, backstroke and breaststroke. They will develop the understanding of buoyancy through a range of skills, refining kicking technique for all strokes and developing technique and stamina.

Stage 5 – For children who can swim half a length of the main pool in basic front crawl, backstroke and breaststroke. Course includes introduction to sculling, treading water and somersaults as well as progressing stroke and stamina development.

Stage 6 – For children who can swim one length front crawl, backstroke and breaststroke. They will develop effective swimming skills including coordinated breathing; developing the water safety aspects and understanding of preparation for exercise. Stroke development continues with stamina being improved.

Stage 7 – For children who can swim two lengths front crawl, backstroke and breaststroke. Developing quality stroke technique up to 100 metres, incorporating skills learnt and combining them to develop starts (diving) and turns. Combines a variety of skills accomplished throughout stages 1 – 7.

Stage 8 – For children who can swim 100 metres on all three strokes confidently and consistently. Continues to improve stroke technique and stamina, development of starts (diving) and turns and introduction of timed sets.

Stage 9 – For children who can swim 200 metres on all three strokes confidently and consistently. Timed sets incorporating turns learnt previously. Development of stamina and starts for all four strokes.

Junior Swim Fit – For those children who are aged nine and above who have completed Stage 7 of the new National Plan Awards or Level 10 of the previous National Swim Awards. Focuses on fitness, involves swimming lengths to develop stamina and drills to give stroke correction. Other areas covered include personal survival and challenge swimming awards.

Swim Fit Open Session – (For swimmers able to swim 100 metres in 3 basic strokes) For Adults & Juniors every Sunday 8.00 – 9.00am. Swimming sessions focusing on improving stamina and general fitness including basic stroke correction
